

# Amaranth Foundation Community Care & NDIS Newsletter

**February 2020**

## **Welcome to 2020**

According to the Chinese zodiac this is the year of *Metal Rat*. The rat represents wit, energy and a gift for getting things it wants. The Year of the Metal Rat 2020 will be a year of new beginnings and renewals. This is a year when everyone will show determination regarding their goals, aspirations and even their hobbies. Follow your goals with confidence and determination, and don't let yourself be

discouraged by failure, problems or difficulties.

The Lunar New Year started on Saturday January 25th, and ends on February 11th, 2021.
