

FEDERATION DRUG ALCOHOL SERVICES & SUPPORT

THINK TANK

The Federation Drug and Alcohol Services and Support Think Tank has been developed to provide an opportunity for alcohol and drug (and mental health related) service providers and community support networks to share their work and discover the opportunities to collaborate and work together to have a positive impact on harm minimization and effectively servicing client needs.

Service agencies and community networks are invited to two facilitated workshops:

1. 1.00pm – 2.30pm Wednesday 7th July 2021

To identify what is working well in the service provision and support space – recognise, celebrate and build on. And to identify issues and gaps towards having an impact on the reduction on reliance of drugs and alcohol in the Federation community

2. 1.00pm – 2.30pm Wednesday 28th July 2021

To identify potential solutions that will influence impactful and positive sustainable change within service provision throughout the Federation Council area and opportunities for ongoing collaboration between agencies currently active in this space.

This free event is funded by NSW Health and supported by Federation Council.
